

EDISON

ABOUT ME

My name is Edison. I have over three years of experience in both modelling and acting. I've worked with various brands as a model, bringing their vision to life through creative campaigns and shoots. In acting, I've gained on-set experience as a junior artist in movies, TV serials, and web series, learning the craft from the ground up and building a strong understanding of performance in different formats. My goal is to grow as a professional actor, taking on challenging roles that allow me to showcase my talent and versatility. I also aspire to represent brands as their ambassador, combining my skills in front of the camera with my passion for connecting with audiences.

ACTING EXPERIENCE

I have three years of hands-on experience in modelling and acting. I've modelled for various brands, bringing their ideas to life through photoshoots and campaigns. On the acting side, I've worked directly on set as a junior artist in movies, TV serials, and web series, learning the craft up close and understanding how productions come together.
